## FAMILY OF NINE ARE RETURNED TO HOME

Father Unable To Provide Food  
After Losing Position in  
Factory

Charles Culp, of Independence, W. Va., his wife and seven daughters, ranging in age from one month to 14 years, were sent back to their home last night by C. M. Polk, city relief and military inspector, after he had been unable to obtain a position here in pecunia for his family. When Inspector Polk learned of the situation yesterday, the Culp family was in a destitute condition and was found at the Union depot, penniless. Neither of the parents nor the children had eaten since Monday when they were found by Polk. The children were poorly dressed and all were barefooted with the exception of two of the older girls.

Having been laid off from his work in the mines at his home, Culp came to Marion about two weeks ago in search of work. He obtained a position at one of the local industrial concerns and with the assistance of his two sisters, residing in the city, he went for his family. They arrived in Marion penniless and without a cent. Mrs. Culp and their family resided with one of Culp's sisters here while he worked. A few days ago, however, he lost his job and a quarrel between Mrs. Culp and Culp's sister ended with the Culp family taking refuge in the Union depot waiting room early yesterday morning.

## SMITH TO OKLAHOMA FOR SECOND SPEECH

Democratic Nominee Feeds  
Fires of Discord in Grain  
Belt with Address

Continued from Page One  
traveled it four years ago and having failed to deliver, the only thing left to do was to promote it a year.

Not only have Mr. Coolidge and Mr. Hoover failed to bring forth an adequate program to meet this problem, he declared, but "they have opposed every comprehensive measure for farm relief proposed by other."

Cites Coolidge Speech  
In his last national campaign, Governor Smith read that portion of President Coolidge's message to congress in which he said that the administration had "constant solicitude and sympathy" for the farm belt.

"All I got was sympathy," said the governor, paraphrasing the old song. "They have been feeding the farmer. They have not been on the level with him."

Disposal of crop surpluses, Governor Smith said, is the whole nubbin of the farm relief problem, or, as he expressed it, "the nigger in the woodpile."

Quota Hoover  
"And what has Candidate Hoover said concerning this?" the governor asked. "In 1923, he said surpluses could only be corrected by having prices low enough to make production unprofitable. I have a respectfully false understanding of the English language for a man who did not get much time to read it out of books. This is what it means: Beat the prices down so low and starve out so many farmers that those who are strong enough to last probably will get something."

The governor did not leave Graham without expressing himself on prohibition. "It was voluntary on his part."

"Do you believe the country will be more prosperous with liquor, or without?"

"Nobody could answer that question," said the governor, "for there never has been liquor out of this country."

The third question was: Do you believe that liquor is the great issue in this campaign?

"I can only recommend," he said, "the fourth question was: How can you secure your support of Democratic candidates for congress pledged against liquor with what you say you will do for liquor?"

"All that a politician can do," he replied, "is to recommend to congress and he can assume the leadership of the American people in an effort to show them his recommendation is right. That is what I propose to do."

The dramatic convention left every Democrat in the United States free to express his own individual opinion of what he thought on the subject.

W. H. and Rocky Mount, N. C., and Suffolk, Va., bore the brunt of the storm as it passed this section.

\$10,000,000 Damage  
in West Palm Beach  
Jacksonville, Fla., Sept. 19.—As white-topped communications were slowly re-established, information came today of a death toll in Florida's tropical hurricane that surpassed earlier expectations and may reach 200.

Estimates of damage vary, and none will know for days definitely the loss in fruit and truck crops, besides measuring the devastation in buildings. But most who have viewed the destruction of West Palm Beach say that \$10,000,000 is a conservative estimate of the damage in that city alone. Thousands are homeless.

Hundreds of dead assembled by directors of the Red Cross relief work who have made Jacksonville their base of operations, include fatalities at West Palm Beach, Okeechobee, Lake Harbor, Delray, Jupiter, Keweenaw City, Gordonville, Belle Glade and Phoker. At the latter place 10 white persons and 50 negroes were reported dead.

Washington Gets  
Storm's Tail End  
Washington, Sept. 19.—The national capital caught the tail end of the Florida hurricane today.

A cold rain was whipped and blown by a brisk wind, which, however, caused only slight damage to property. Weather bureau officials declared the entire eastern coast from Virginia northward would have high winds, reaching gale force at some points. Storm warnings were posted to Boston and shipping was cautioned.

Red Cross Director  
at San Juan  
San Juan, Porto Rico, Sept. 19.—Troops patrolled those devastated towns of the interior of Porto Rico which were accessible today to prevent starvation.

## School Days

### Reporter Gets in Personal Touch with Modern Education by Enrolling as One-Day Pupil in Marion Class-Rooms

Editor's Note—This is the second of a series of articles, written by Frances Jennings, giving accounts of her observations in visits to various schools of the city, which will include each grade from the first up through the high school.

BY FRANCES JENNINGS  
PROMOTED to the second grade possibly because the first seats were far too small for me, I sat in the second grade of the Marion school building as a pupil of the second grade, under the competent direction of Mrs. Frances Powell.

I learned a variety of things—most of all that second grade pupils are expected to know more than first grade pupils, and that they are, with few exceptions, expected to listen attentively to the teacher's commands.

After opening exercises, a fine music bugle call, played by Mrs. Powell on a class organ, repeat-

ing of the twenty-third psalm and hymn, school began with a lively half-hour of reading.

Reading Made Interesting  
In that length of time and aided by the Marion first reader, we delved into a Norse folk tale which told about the misfortunes and final tragedy of a "big round pancake."

Out of a class of 31 Mrs. Powell couldn't find a single poor reader (even the reporter did surprisingly well) and so she turned to writing and tried to catch us napping on ovals and straight lines which were to be made with arm movement, the oval to the rhythm of "I like rye bread best of all," and the straight lines between the rhythm of "I like fresh hot wieners too"—a lesson quite new and interesting to all of us.

The unusual thing about Mrs. Powell's room is the strict order that prevails—although one never heard a cross word and but seldom a reprimand. The fortunate pupils of that particular school are indeed "governed by kindness" and taught with an ease and grace that makes teaching much pleasure than work.

A Happy "Family"  
The entire room, pupils and teacher, remind one of a big happy family, enjoying their work and companionships. One almost forgets that that separate little room, so complete and happy in itself, is

one of a big organization of similar rooms.

Mrs. Powell has been a teacher for 28 years, 18 of which she spent at Marion street school, teaching second grade pupils.

"The secret of dealing successfully with children lies in co-operation with their parents," Mrs. Powell said. "I believe we have one of the finest and most generous community clubs in Marion and it is to them that we owe much of our happiness and continuity in public school life."

## Ritzzy Rosalie

For the business of gift giving  
for a relative of the male  
persuasion Rosalie has done her  
best. It has a short  
trim in front and a long one in  
back featuring fluting which is be-  
ing used frequently in the fall  
mode. She is wearing how one  
of these modern containers would  
do for a gift. Both the box and  
the little brown jug play appro-  
priate songs and the former holds  
half a dozen glasses three on each  
side in its rack.

# BUTLER NINE CHALLENGES EAGLES

## FREE-GAME SERIES UGHT BY MANAGER CLEAR UP TITLE

ceeds of Fray to Charity,  
Is Plan of Independent  
Team

By EARL R. MURPHY  
Sports Editor, The Star

It has happened. What recreation ball fans have been king for since the little world series Monday night has become a fact. The Butler nine, organized to keep their record clean, they will accept the challenge of Butler officers for a three game series at 1:15 p.m.

Yesterday the writer received a letter from A. L. Clements, manager of the Butler nine, feeling to have this series arranged. Clements claims the dependent championship of Marion. He said "I do not believe there is a team in Marion that can show as good as the Butler's veterans and team. We have played 31 games of won 29 of them. The games we st were against weaker teams and without our regular team on the field, they were played on Sunday. I believe that we are the only team, except the Eagles, that holds a win over the Eagles. We beat them the only game played with them this season."

"If possible would like to arrange this three game series at Lincoln park, all admission charged, benefit to go to the Eagles charity fund."

Last season the Butler nine challenged the Eagles, then champions of the city, and were defeated after winning the first game. This year they have a much stronger team and will give a better account of themselves, according to their manager.

The Butler nine the little world series by defeating the Eagles two out of three games after beating the Eagles (winners and C. D. M. in preliminary contests. The writer was unable to get in touch with the manager of the city champions to find out if a series can be arranged.

**IS ENOUGH  
FOR A GOOD SMOKE**  
It Buys a Dandy Cigar—If You're a Good Picker

No doubt you've done your share of hunting for "a good five-cent smoke." And finally decided "there isn't no such thing." Well—here's the best tip ever handed you: Havana Ribbon. Try that cigar, sir, and you'll be playing five-cent limit till the cows come home.

Havana Ribbon is an different from ordinary five-centers as a home run in different from a pop fly. That's because we've landed squarely on the secret of what makes a cigar good: Ripe tobacco. Unlike the average nickel cigar, Havana Ribbon contains no bitter under-ripe nor fast-burning over-ripe leaves. No "acres" or cuttings discarded in the making of higher priced cigars. But only long-filler, fully-ripe leaves from the mid-section of choice tobacco plants. "Sound as a dollar," you say. Why, man, it's nothing short of amazing! Sold everywhere. Also Pinafidel Packet Packages of five cigars.

### WESLEYAN VETERANS BEING BATTLED FOR POSITIONS BY SOPHS

Joe Rinnert, Marion, Has  
Chance To Make Bishop  
Orjd Team

DELAWARE, Sept. 10.—Veteran Ohio Wesleyan graders are promised a real battle for their positions on the Bishop eleven this fall. This is indicated by results of the first week of practice here.

Although the Bishops have an even half-dozen veteran half-backs, Ted Williams, Akron, sophomore, seems determined to play football at Ohio Wesleyan this fall. Oberon weighs only 155 pounds but he is as shifts a runner as the Bishops have, and has been showing ability as a forward pass receiver.

John Carlisle, Columbus, is another sophomore backfield man who seems likely to make a place for himself despite the many backfield veterans among the Bishops. Carlisle is a 150 pound quarterback who promises to be a real ball general. He is the back passer the Bishops have. Without Cornell, Jackson, a quarterback weighing only 120 pounds, is another sophomore who should see readily service.

Franking sophomores are available for every position on the Ohio Wesleyan line and are giving more experienced players real competition. The Bishops have a large collection of sophomore ends of whom Dwight Jensen, Mt. Gilboa, Lloyd Phillips, Cleveland, John Melvin, Chillsville, and Quillo Fuchini Alliance, are outstanding. Jensen is expected to play considerable variety of backfield this year.

Walker James, Bayview, and Robert Jones, Delaware, both of whom weigh around 160 pounds are the outstanding sophomores among the long line of bulky guards. Both of these boys are showing variety ability in practice.

Dugene Kaibler, Lima, is the sophomore representative in a three-cornered battle now being waged at center. He is pushing James Bahl, Chillsville, and Frank Rice, Akron, juniors who came near to winning letters in 1927.

**HOME RUNS**  
Terry, Glantz, Schalle, Brown, P. Collins, Yankov, J. Wilson, Chillsville, Tucker, Cleveland.

The Leaders: Ruth 55, Hank Wilson 30, Hollander 20, Hays 25, Galt 21, Bismuth 23, Hurd 30, Hornby 18.

League Totals: National, 951; American, 111.

**LAST NIGHT'S FIGHTS**  
At New York—Youngs Grogan, Omaha lightweights, scored technical knockout over Al Brand, of Newark, N. J. (10).

Jack McVey, New York again defeated, outpointed Johnny Haystack, Birmingham, N. Y. (10).

At Wilmington, Del.—Joey Seaford, New York, stopped Jimmy Ireland, Wilmington, (7).

### Jack Dempsey Says Next Heavyweight Title Holder Will Be Same Old Tunney

Tells Walsh That Gene Could Come Back After Laying Off  
Three or Four Years; Retirement  
May Help Gato

BY DAVID J. WALSH  
NEW YORK, Sept. 19.—Jack Dempsey will not be the next heavyweight champion of the world. Neither will Tommy Loughran nor George Godfrey nor yet Paulino, Hilsko and Tom Tierney. He will be a fellow by the name of Gene Tunney and the reason I know so much about it is that good, old John Dempsey, the boy friend, broke down pitifully and confessed all today.

It was John's way of saying that he didn't believe Headley Tunney meant to go in permanently for championship posturing, daily discussions about his absolute prizes due a public character and other simple pleasures of his current time of European side streets, cleverly disguised as a private citizen. Brother Tunney admits that he has permanently withdrawn himself from circulation. The world, gallantly rallying from the great calamity, is willing to believe him. Dempsey said.

**Makes Prediction**  
"Just a hunch," he explained when I wanted to know his reasons. If you "just a hunch" but I think it's a good one. Put this down as a prediction from me: Tunney will be back in those fighting again and of course, he will fight as the defending champion. It wouldn't surprise me at all if he came back before the end of the next outdoor season.

"There are only two reasons why a fighter stops fighting. If he thinks he is still good, he fights. If he knows he isn't, he doesn't. Well, Tunney right now is at the top of his form."

### GIANTS PREPARE FOR SERIES WITH CARDS AND CHICAGO CUBS

New Yorkers Must Grab Three  
Games To Stay in  
Race

NEW YORK, Sept. 19.—"Crash! Crash! Crash!" is the word in the Giants clubhouse today as the team prepares for the series with the Chicago Cubs and the St. Louis Cardinals. The New Yorkers take on the Cubs today while the Cardinals are idle, tackle St. Louis twice tomorrow and play the league leaders again on Saturday. And the chances are that their hash will be cooked unless they grab three of the four games.

All three of the leaders won again yesterday. New York remounted two games behind St. Louis and a game and a half in front of Chicago. The Cubs' only chance is to trim the Giants today and then rest for the New Yorkers to clean up the Cards.

Yanks Beat Browns  
Meanwhile the rubbering, swagging, staggering Yankees are enjoying an imposing two game lead over the Athletics in the American league scramble. Hits by Cleveland cookies—a double by Harold and Tucker's homer—beat Robt. Wallberg and the Macaroni yesterday, 3 to 2, although the Indians not only five hits in all.

The Yanks renewed their slugging ways and connected for 19 hits by winning a 11 to 11 nightmare from the Browns. New York's big four—Hamm, Johnson, Phyllis, and Hopt—were nipped for 11 hits. They will get a much-needed rest today, both the Yanks and the Cardinals trimmed the Phillies again, 4 to 2, making it 20 wins in 22 starts against the Quakers this season.

for Waynesfield

LARUE High school griders will pry the lid off the Marion county football season Friday afternoon when they meet Waynesfield at LaRue.

Coach "Dinty" Moore has been sending his proteges through still scrummage this week and hopes to have them in shape for the opener. His line seems to be a tower of strength with Wilcox at center, Price and Parish at the guard positions and Allen and Sheridan at the tackles. In Tripp and Dickinson, Coach Moore believes he has two very capable wingmen. In the backfield, Winkler and Young, two newcomers, look good at the halves and Freeman and Mox are hitting the line pretty hard as full and quarter respectively.

But little is known of the Wayne school strength, but they are reported heavy and will probably give the local griders plenty of trouble.

### SUZANNE THROUGH Woman Tennis Star Never To Play Again

London, Sept. 18.—Suzanne Langlen does not intend to play tennis again.

She made this startling announcement at Nice, France, after displaying emphatically that she intended retiring from the game. A Central News dispatch received here stated today.

"I'll never play tennis again, either as an amateur or professional," the temperamental star, whom many rate as the best woman tennis player in the world, stated. "I haven't touched a tennis racket in months and never want to see one again," she added.

### JACK DELANEY BACK AFTER OLD HONORS

Light Heavyweight Title Is  
Aim in Match with Young  
Italian

New York, Sept. 19.—Opening the fall and winter season in his old, cozy fitting light heavyweight role, Jack Delaney will bring his majestic stride to the ring at Elberts Gold tonight.

to the ring at Elberts Gold tonight. a steel-belted juvenile, Nardo Tani, is the opponent.

Tani is Delaney's first bid for the title since he was cured of his leprosy. Delaney's last fight was a night session by Jack Sharkey last spring.

Tani may not be the most formidable opponent Delaney could dig up at this time but he is a foreign member not to be lightly regarded for he is a dynamo who wrecks exposed quickly. Delaney is a pretty easy bird and isn't likely to give the young Italian man openings. Jack is tall, heavier and probably will blanket his youthful opponent with experience.

# Money Supply Short And Stocks Assume Lower Trend

## CALL LOAN RATE UP TO EIGHT PER CENT

Market Called Upon To Absorb Profit-Taking and Short Selling

\$30,000,000 WITHDRAWN

Business Reports Unchanged; Steel Prices Unsettled and Higher

BY W. S. COUSINS.

1. N. S. Financial Editor

New York, Sept. 19.—The push of call loan rate was felt in the

stock market today and from the opening

going all the way down, and groups of

speculative shares were forced on the

market at a gradually deepening scale of

prices. The pools in a few of the new-

comers made a vigorous stand behind

their favorites, but this was without

effect on the market as a whole, which

was again called upon to absorb enormous

profit-taking and short selling.

Up to the noon period the bank call

withdrew \$30,000,000 from the call

loan market, and the rate, which had

opened at seven per cent, returned to

7 1/2 per cent. Some of the commission

houses admitted their inability to find

sufficient funds to meet their require-

ments and selling was forced from that

score. A further rise to eight per

cent followed in the fourth hour when

offerings of funds were again sparse.

Business reports were practically un-

changed, though the steel market, points

out the unsettledness in steel

prices, with further advances in pig

iron and scrap, and reactions in finished

steel. Meanwhile, according to this

authority steel business holds to a

very high volume. Steiffening of the

copper and petroleum markets was in

evidence.

Industrial stocks started the day at

a lower level of prices, occasioned by

the overnight heavy selling of stocks

but were absorbed in the steel and motor

stocks, advancing to 7 1/2, 7 3/4, and 7 1/2

cents, respectively, by the close of the

day. The heavy call loan rate, the eight per

cent, and the downward move in stock prices,

noted in the opening of the day.

# RESOLUTIONS TO COME BEFORE LABOR

Wide Range of Subjects; Donahay's Stand on Labor Commended

Columbus, Sept. 16—Thirty-eight resolutions, encompassing a wide range of subjects from condemnation of "amoral" music in the talking movies to the outlying of a political policy, were to come up for debate and action at the annual convention of the Ohio State Federation of Labor here today. The resolutions were read before sessions of the convention yesterday.

Yesterday's meetings were the introduction of a resolution urging a relief program to aid Ohio United Mine Workers "who, in their battle to maintain the principles of unionism, have felt the pinch of hunger."

Other resolutions urged investigation of conditions in the State Hospital for Epileptics at Gallipolis; the policy of supporting "feudal" and defunct "enemies" in the forthcoming election; adoption of a six-hour working day following the adoption of a five-day week; and the expression of appreciation to Governor Donahay "for his fairness to labor."

It was after the banquet, "I thought the speeches were rather dry," said the critical guest. "Not much meat in them." "Not much drink, either," replied the man with the impressionistic nose.

# HOOVER MAKES PLANS FOR SOUTHERN TOUR

Republican Nominee Will Pleased at Greeting Accorded Him by New Jersey

BY WILLIAM R. HUTCHINSON  
Marion Star Staff Writer

Washington, Sept. 19—While his party leaders predicted he had captured New Jersey's electoral vote on his two-day trip along the Atlantic seaboard, Herbert Hoover was back at his headquarters today launching preparations for his next great campaign drive—an invasion of the solid south next month.

The Republican nominee was well pleased at the greeting accorded him by New Jersey and at the friendly reception given his labor speech. On his tour, he extended his public utterances by reaffirming the Republican program for organized labor, featuring a plan to provide a job for every man willing to work, by planning for the election of a Republican congress, by declaring against the injection of personalities into the campaign and by delivering an eulogy of President Coolidge.

In asking for the election of a Republican congress, Hoover declared, "no national administration can succeed with only one branch of the political machinery in its control." He asked for the election of a Republican house and senate to Republican politics could be enacted into law.

Vote on Economy

The nominee confirmed a recent announcement that he opposed the injection of personalities into the election of personalities. He specifically urged voters to cast their ballots according to the judgments they formed on the records, policies and issues of the two contending parties.

"Our campaign is based on the presentation of the record of the party and its policies for the future," Hoover said. "It is not and should not be a campaign of personalities."

"I am convinced that the good sense of the American people will make them form their judgments on the record, the policies and the issues and not upon personalities. This is as it should be."

Economy Economy

In praising President Coolidge, Hoover followed the theme of his acceptance speech, in which he declared the president had "elevated economy and efficiency in government to the rank of statecraft." He praised Coolidge's "fine leadership, fine character, fine sense of duty and courage."

"Then he added a new thought, by declaring, 'If I should be entrusted with these responsibilities (of the presidency), I would feel I had acquired the right well if I could reproduce the courage, the intelligence and the depth of moral courage of Calvin Coolidge in the solution of our governmental problems.'"

The nominee's next public move will be his visit to Elizabethtown, Tenn., on Oct. 6, unless his present program is changed. The speech there will be his one hundred and fifty-eighth anniversary of the assembling of settlers there for the battle of King's Mountain in the Revolutionary war.
